Social Media and Your Family

Developing digital literacy amongst our students is part of our BC curriculum. Families play an important role in this as well. Each year at school we deal with situations of online sharing of inappropriate content and misuse of technology. Much of this activity occurs outside of school hours.

Take the time to discuss your own family expectations regarding digital devices, monitor what your child is doing online, what sites they are accessing and who they are communicating with.

Snapchat and TikTok can be particularly troublesome and are only for children 13+. We've included a link to the Media Smarts site. They have great tip sheets, and ways to help keep kids safe.

Parking Lot Reminders

Thank you for helping to keep our parking lot safer by parking in designated areas. We have had some concerns lately about the accessible parking area closest to the school. Our upper lot is allocated for Handicapped Parking and is also an idle free zone. There are limited spaces. If you can park in the regular lot and have your student walk to you that would help keep the lot available to those who may have greater need.

December Spirit Days

Mrs. White and the Spirit Team have planned fun Spirit Days for the last week of school!

Dec 16th – Winter White, Blue & Sparkle Day

Dec 18th – Christmas Color Day

Dec 20th – Comfy, Cozy Day – wear your pj's, fleece or cozy sweats!
